1.0 INTRODUCTION

Kokun Integrated Services is a division of Kokun Group, formed to provide engineering services to the oil and gas industry in Nigeria, with a special focus on the natural gas industry and the construction industry in general.

The company, after operating under the group name Kokun Ventures, developed into an autonomous company operating as Kokun Integrated Services, and was duly incorporated in 2004.

The division and its commitment to constant development has positioned the company as an EPC (Engineering, Procurement and Construction) contractor in the natural gas and construction industries.

Drawing on its past experience, the company has built its resources and expertise in the design, fabrication and construction of plants, reticulation piping and gas facilities installation.

"Engineering excellence since 2004, built on experience, quality and trust."

2.0 VISION AND MISSION STATEMENT

OUR VISION

To be the leading construction company recognized for excellence in project delivery, customer satisfaction, and community engagement. We strive to create a better future for our clients, employees and the environment through our passion for construction and our commitment to making a positive impact.

OUR MISSION

At Kokun Integrated Services, our mission is to deliver exceptional construction services that exceed our clients' expectations. We are committed to building strong relationships, providing innovative solutions, and ensuring timely completion of projects while maintaining the highest standards of quality, safety and sustainability.

OUR CORE VALUES

SAFETY

We prioritize the safety of our employees, clients, and the community.

INTEGRITY

We act with honesty, transparency, and ethics in all our business dealings.

SUSTAINABILITY

We strive to minimize our environmental footprint and promote sustainable practices.

ACCOUNTABILITY

We take ownership of our actions and are accountable for our results.

QUALITY

We deliver high-quality projects that meet and exceed our clients' expectations.

INNOVATION

We embrace new technologies and innovative solutions to improve our processes.

COLLABORATION

We build strong relationships with our clients, partners, and employees.

3.0 HEALTH, SAFETY AND ENVIRONMENTAL POLICY

It is the policy of Kokun Integrated Services Ltd to conduct its activities in ways that account for the health and safety of our staff and other persons whom our activities impact, with due regard to protecting the environment, good harmony with the communities in which we work, and good security of the work places, materials and equipment we employ.

Kokun Integrated Services Ltd will pursue this policy with high standards of workmanship, sound company strategies, visible management commitment, and the contributions of all staff, while continuously improving staff knowledge, awareness and safety skills through consistent training.

Kokun Integrated Services Ltd works on the premise that all incidents and accidents are preventable, and seeks to achieve this as practicably as possible. Activities shall only be undertaken when a safe method has been established for execution.

"No work activity shall be carried out if the work condition or environment is unsafe for such operations."

Efforts will be made by Kokun Integrated Services Ltd to reduce and minimize emissions, effluents and discharges of waste materials.

Kokun Integrated Services Ltd, as a corporate body and in all its operational sites, shall comply with all applicable and prevailing government laws and regulations guiding its operations. In furtherance of the above, Kokun Integrated Services Limited shall continuously seek better ways to improve its operations.

Signed

Blessing Olukokun

Team Leader

4.0 QUALITY CONTROL AND ASSURANCE POLICY

It is the policy of Kokun Integrated Services to execute all of its activities in line with all relevant international quality control and assurance standards, thereby ensuring that our customers' needs and expectations are met.

The quality of our work is our best public relations officer, and therefore it shall be held in high esteem at all times.

No works shall be executed using a short-cut approach.

The company shall, on a continuous basis, encourage staff training as the core of its strength, implement sound company strategies, and maintain visible management commitment to the quality assurance and control system.

Kokun Integrated Services shall on a continuous basis seek better and improved ways of carrying out its activities.

Signed

Blessing Olukokun

Team Leader

5.0 COMPANY REGISTRATION DOCUMENTS

Kokun Integrated Services holds all statutory registrations required to operate as an engineering and construction contractor in Nigeria, including incorporation, tax, and industry-specific permits. Scanned copies of our certificates are presented on the following pages.

5.1 CERTIFICATE OF INCORPORATION

5.2 VAT REGISTRATION

FEDERAL INLAND REVENUE SERVICE
VALUE ADDED TAX
VAT

Certificate of Registration

*No. OTV 10002613354

This is to Certify that

KOKUN INTEGRATED SERVICES LIMITED

has been duly registered as an agent for VAT collection under

THE VALUE ADDED TAX (VAT) DECREE NO 102 OF 1993

This certificate confers all the rights and obligations including the claim of credit for input tax paid under the VAT Decree on any registered persons.

Dated this 18TH day of JANUARY, 19 2005

DIRECTOR (VAT) FIRS

LOCAL VAT OFFICER

***This is to be inserted on all tax invoices, receipts and correspondence.**

5.3 PERMIT TO OPERATE AS AN OIL INDUSTRY SERVICE COMPANY

FEDERAL REPUBLIC OF NIGERIA
PERMIT TO OPERATE AS AN OIL INDUSTRY SERVICE COMPANY
SPECIALIZED CATEGORY

PERMIT NO: NUPRC/OGISP/21/3140146/R259801

This Permit is hereby granted to
KOKUN INTEGRATED SERVICES LIMITED

of KM 2A IDIROKO ROAD OTA, OGUN, NIGERIA

to render the service to the Oil Industry in the Category listed hereunder:
ONSHORE PIPELINE LAYING
- Laying of oil and gas pipeline
- Pipeline Fabrication/Construction

This Permit expires on the Wednesday, December 21, 2022

Fee Paid: ₦ 250,000.00

Dated 21st day of December 20 21

 
Commission Chief Executive

This permit does not cover "Supply of Expatriate Manpower" in any guise

5.4 TAX CLEARANCE CERTIFICATE

FIRS

It pays to pay your taxes..

TAX CLEARANCE CERTIFICATE

TCC NO : 222453963771

TAX OFFICE : MSTO OTA

DATE : 2022-09-23

Name of Company : KOKUN INTEGRATED SERVICES LIMITED
RC No : 613354
Date of Incorporation : 2004-12-20

5.5 CERTIFICATE OF REGISTRATION

6.0 FIELD OF ACTIVITIES

MULTIDISCIPLINARY ENGINEERING DESIGNS INCLUDING PROCESS DESIGNS

Based on a solid construction background, we undertake multidisciplinary engineering design, ranging from civil, mechanical, electrical and process design, aligned to customer needs and targets.

Our designs are tailored to your budget and needs, while complying with all relevant international specifications and codes of practice in terms of quality control and assurance, safety and operational need, and providing flexibility for future expansion.

Our affiliations with other specialized companies provide the technical support and strength to cope with the most complex project scenarios, whatever the driving force may be.

PROVISION OF SUPPORT SERVICES

We provide technical support services such as:

- Project Management team
- Community based manpower supply
- Quality control and assurance personnel
- Commissioning and start-up team

6.1 CONSTRUCTION OF NEW PLANTS AND FACILITIES

We execute construction of new plants and facilities, either on EPC basis or on joint venture basis. Our in-depth experience in the construction industry, flexibility of approach to project execution, project costing, planning and management skill, quality control and assurance methods, commissioning and start-up, are our key assets.

We don't believe in being just a contractor, but a sound flexible partner who walks next to you towards your set targets.

6.2 MODIFICATION AND MAINTENANCE OF EXISTING FACILITIES

In the field of modification, rehabilitation, revamping and maintenance of existing facilities, we have gained extensive experience and wide-ranging know-how through the years. Close cooperation with customers and continuous benchmarking against their needs has driven us to meet current plant demands, with maintenance and reduction of operating cost as the main objectives.

6.3 NATURAL GAS FACILITIES SYSTEMS DESIGN AND INSTALLATION

Because natural gas is the safest, cleanest and most efficient burning fossil fuel, and helps address several environmental problems such as smog, acid rain and greenhouse effect, we are constantly improving on its various uses.

This quest has led us into the following areas of natural gas utilization:

- Construction of gas transmission, distribution and internal reticulation systems using welded steel pipelines
- High Density Polyethylene pipe (HDPE) using electrofusion welding method
- Fibre glass piping
- Supply of natural gas equipment (regulators, meters, burners and other accessories)

We are presently working on the possibility of producing customer metering and regulating stations in Nigeria.

Our experience in the natural gas industry began with being part of the construction of the Obaifu–Obrikom Gas plant (the biggest gas plant in Africa), the NGC Pilot Gas Plant in Warri, various Shell gas compression stations, and the Shell Nigeria Gas Company pilot gas plant in Ota, Ogun State.

We have, to date, installed various natural gas facilities within Nigeria and are in contact with major natural gas equipment vendors worldwide.

6.4 CONSTRUCTION AND SUPPLY OF MODULAR UNITS

Plant modulation resolves difficulties related to construction work in remote areas, with minimum site installation and interconnecting activities required. We undertake construction of modules, whether vessel or skid-mounted facilities, and transport them to your required location for installation and commissioning.

6.5 CORROSION CONTROL, MONITORING AND PREVENTIVE WORKS

In conjunction with our affiliates, we execute both internal and external corrosion control, monitoring and preventive works using the latest technology.

6.6 CIVIL WORKS

We are also involved in the execution of civil engineering works. Our experience includes, but is not limited to:

- Facilities Constructions, buildings and water distribution systems
- Tank and equipment foundations
- Bulk storage tank erection
- Pipe supports
- Steel structures and shelters
- Drainage systems
- Erosion control works
- Roads (flexible and rigid pavements)

6.7 MECHANICAL AND PIPING WORKS

We execute both mechanical and piping works. Our strength in this area lies in our core team of tested engineers, who collectively have laid more than 500km of pipelines across various terrains, including river crossings, swamp flow lines and station piping systems, in pipe diameters of various sizes (1/2" to 36").

We also execute the construction and installation of equipment, be it vessels, pumps or rotary equipment. We have the facilities to install, align and commission equipment and plants.

6.8 ELECTRICAL WORKS

We execute the installation of the following:

- Power distribution systems
- Earthing and lightning protection installation
- Cathodic protection system installation
- Cable routing and supply of cable trays

8.0 PROJECT EXPERIENCE

The following register captures projects delivered by Kokun Integrated Services from inception through 2025, across natural gas, civil, mechanical, piping and electrical disciplines.

S/No	Period	Client	Project Executed
146	2026	Shell Nigeria Gas Ltd	Agbara Ota Melrose Customer Station Refurbishment
145	2026	Shell Nigeria Gas Ltd	Agbara Ota S.G Industries Customer Connection Works
144	2026	MINL	MINL Gasline Pressure Testing
143	2025	Shell Nigeria Gas Ltd	Agbara Ota 12" Pipe Relocation Oju-Ore
142	2025	Shell Nigeria Gas Ltd	Agbara Ota Lombardy Pipeline Protection
141	2025	Shell Nigeria Gas Ltd	Agbara Ota Route Marker Fabrication and Installation
140	2025	MINL	MINL Gas Piping Works
139	2025	Daraju Industries	Daraju Civil Works, Ota
138	Sept-Nov 2024	Shell Nigeria Gas Ltd	Gas connection to G-Care company Ltd
137	Jan-May 2024	Shell Nigeria Gas Ltd	Gas connection to Sweet Nutrition Company Ltd
136	April-Nov 2024	Shell Nigeria Gas Ltd	Pipe stacks installation at PRMS
135	Jan-Dec 2024	Tera-aqua Limited	Internal piping and flooring at Tera-aqua
134	Nov 2023	Shell Nigeria Gas Company	Pipeline route marker installation at PRMS–Singer Bus Stop
133	July-Oct 2023	Shell Nigeria Gas Company	Exposed Pipeline remediation and erosion control Ewupe gas distribution-line
132	Nov 2022	New Bisco Limited, Lagos	Construction of LPG storage tank and interconnection works
131	August 2022	Mustang Limited, Ota	Road Rehabilitation work

S/No	Period	Client	Project Executed
130	March 2022	Crown Pack Limited, Ota	Grade & amp; Compacting of road from MINL to New yard
129	Dec 2021	Crown Pack Limited, Ota	Drainage & Road Rehabilitation
128	July 2021	Veevee Paper Products Ltd, Ota	Construction of proposed car park, amp and retaining wall
127	April 2021	Dasco Engineering, Ota	Construction of warehouse, drainage, security house, internal road
126	Dec 2020	Shongai Technologies, Ota	Construction of blast proof wall
125	Sept 2020	Shell Nigeria Gas Ltd	Ewupe/Ilogbo road bridge
124	Feb 2020	Shell Nigeria Gas Ltd	PRMS Cable Replacement, Cable Procurement, Sren Skid Regulators, Cp Installation
123	Dec 2019	Mustang Industries, Ota	Mild steel pipeline fabrication & installation Scorpio 2
122	Nov 2019	West African Packaging	Fabrication & installation of hydrant pipeline
121	Nov 2019	Shell Nigeria Gas Ltd	Gas - Connection of SREN
120	Nov 2019	Shell Nigeria Gas Ltd	Gas - Connection to NBL
119	Oct 2019	Shell Nigeria Gas Ltd	Gas - Connection to green recycling
118	Oct 2019	Daraju Industries - Ota	Tower 2 structural works-Scorpio 2
117	Oct 2019	Daraju Industries - Ota	Scorpio System tower 1 platform fabrication & erection
116	Oct 2019	Daraju Industries - Ota	New soap line 4 plant mixer structure fabrication & installation saponification
115	Oct 2019	C-Way Food and Beverages	Fabrication & installation - Payment for modification of gas pipeline
114	August 2019	Aarti Steel Industry Limited	Fabrication & Installation - Cable laying work
113	July 2019	Daraju Industries - Ota	50 TPD Silicate Furnace Plant
112	June 2019	Shell Nigeria Gas Ltd	Gas Connection to AfriGas, Agbara
111	March 2019	Shell Nigeria Gas Ltd	Fittings & Gas Cluster Connection to Sky Group Industries

S/No	Period	Client	Project Executed
110	Jan 2019	Daraju Industries - Ota	Storage farm Tank (Saponification 2)
109	Dec 2018	Shell Nigeria Gas Ltd	Ota PRMS shut down turn around maintenance works
108	Nov 2018	Daraju Industries - Ota	Storage farm Tank (Saponification)
107	Nov 2018	Daraju Industries - Ota	Sodium silicate plant construction
106	Nov 2018	Shell Nigeria Gas Ltd	Gas Connection to MINL Clusters
105	June 2018	Shell Nigeria Gas Ltd	Gas Connection to VeeVee Industries
104	July 2018	Royal Queen Company	Construction of Factory
103	April 2018	Shell Nigeria Gas Ltd	Gas Connection to Primera, Agbara
102	April 2018	Daraju Industries - Ota	Steel Structure elevation
101	April 2018	C-Way Company	Mazzline Floor
100	March 2018	Daraju Industries - Ota	Equipment Installation
99	March 2018	C-Way Company	Gas piping and connection
98	Dec 2017	Shell Nigeria Gas Ltd	Connection of gas piping to Hayat
97	Sept 2017	Daraju Industries - Ota	Steel Structure Fabrication and Installation
96	August 2017	Daraju Industries - Ota	Construction of Detergent Plant 3
95	August 2017	Delatire Bezons Nigeria (DBN)	Extension of Shell Nigeria Gas Plant
94	Dec 2016	Shakti Industry - Ota	Construction of warehouse
93	Nov2016	Olusegun Obasanjo Presidential Library	Dredging works 2
92	Oct 2016	Daraju Industries – Ota	Soap plant building and equipment installation (silicate project)
91	July 2016	Daraju Industries – Ota	Saponification product (Piping, civil and installations)
90	July 2016	Daraju Industries – Ota	Terrazzo flooring
89	June 2016	Mc-Daniels Chemical Industries limited, Abeokuta	Construction of warehouse, factory blocks and utilities

S/No	Period	Client	Project Executed
88	June 2016	Shell Nigeria Gas Ltd	Connection of gas piping to luxxor
87	June 2016	Shell Nigeria Gas Company	Unit 800, Erosion control, IP support
86	May 2016	Aarti Steel	Utility piping installation
85	April 2016	Daraju Industries – Ota	Road repair works in soap plant
84	March 2016	Salient Rubber Industries	Gas generator Installation and construction plus piping
83	March 2016	Tempo Paper pulp products, Ota	Metallized foundation equipment and partition works
82	Dec 2015 - Jan 2016	Daraju Industries – Ota	Construction of soap plant, tank farm
81	August 2015	World Mission Agency	Internal Piping from SHELL Customer station (PRMS) to power plant
80	August 2015	US & K manufacturing company, Agbara	Construction and installation of internal piping works
79	August 2015	Shell Nigeria Gas Ltd	Gas connection to Canaan land
78	June 2015	Daraju Industries – Ota	Stainless steel welding and fabrication for plants
77	May 2015	Bromley Technology Limited	Piping and installation of Fire Hydrant
76	March 2015	Daraju Industries – Ota	Construction of Effluent Plant, Installation of gel kettle, floor tiles
75	March 2015	Tempo Pulp and paper product	Construction and installation of internal gas piping works
74	April - June 2015	Daraju Industries – Ota	Mild steel piping installation, fabrication and erection of platform, Air compressor, erection of equipment, concrete foundation
73	March 2015	Daraju Industries – Ota	Erection of 4 TPH Detergent plant equipment
72	Feb 2015	Shell Nigeria Gas Ltd	Construction of six gas valve pit
71	Jan - March 2015	Daraju Industries - Ota	Wet wipe plant construction, fresh water piping, Fire Hydrant, Gas modification, civil works, Mazallene floor
70	Jan - Sept 2015	African Consumer Care Limited, Amuwo Odofin Lagos	Construction of 2 No's warehouse, factory blocks, Fire Hydrant and steel structure erection

S/No	Period	Client	Project Executed
69	Nov -Dec 2014	Daraju Industries – Ota	Mechanical Installation for tooth paste plants, Roof replacement, area paving, Fire hydrant, fabrication of libi vessel, Diesel tank, steel structure
68	Sept 2014	Ajeast Nigeria Limited, Agbara	Gas Customer Station relocation and pipe modification
67	June 2014	Loyds Company, Ota	Gas reticulation and piping works
66	June 2014	Daraju Industries – Ota	Gas piping to boiler and kitchen, installation boiler, Exhaust stack
65	June 2014	Veepee, Ota	Gas Piping Modification works
64	May 2014	Abvee, Ota	Generator Installation and Piping
63	May 2014	Shell Nigeria Gas Ltd	Connection of Kes company to Agbara/Ota gas piping layout
62	May 2014	Shell Nigeria Gas Ltd	Route Survey for Agbara/Ota laid pipeline
61	August 2014	Daraju Industries - Ota	Construction of 36m High Detergent plant
60	March 2014	Daraju Industries - Ota	Construction of storages ware houses
59	April 2014	Geepee, Ota	Gas generator installation
58	Dec 2013	Daraju Industries - Ota	Construction of twin deck Tooth paste plant
57	February 2014	Olusegun Obasanjo Presidential Library	Dredging Works
56	Jan -2014	Shell Nigeria Gas Ltd	Relocation of 3.5km Gas pipe line for Shell Nigeria Gas
55	Nov -2013	Shell Nigeria Gas Ltd	Swamp pipeline sectional replacement at Oko - omi
54	Oct - 2013	Eko Supreme - Agbara Plant	Installation of 6Mva Power plant
53	August 2013	Protocol and Gamble, Agbra	Installation of Natural gas reticulation system
52	Jan 2013	Shell Nigeria Gas Ltd	Provision of emergency repair services and construction of new pipelines in Agbara/ota, Port Harcourt and Aba areas for 2 yrs
51	June 2012	Leo Plast industries Ota plant	Construction of 2 Nos 60m x 24m ware houses
50	August 2010	Covenant University Ota	Construction of 462m3 overhead storage tank

S/No	Period	Client	Project Executed
49	April 2010	Songhai Packaging – Ota Ogun state	Firefighting system installation, Pump house and hydrant ring
48	April 2010	Coronation Gas and Power	Installation of 10 Mva Power plant and CNG Plant
46	March 2009	Novo Gas - Ota	Construction of CO2 Processing Plant
45	Feb 2009	Tempo food Ota	Construction and installation of Power House and installation of 5Mva Wasilla Gas Generator
44	Jan 2009	Midgal Abeokuta	Design and Construction of Compressed Natural Gas Plant
43	Dec 2008	Midgal Abeokuta	Construction of Hydrogen plant
42	Oct 2008	Midgal Abeokuta	Installation of Alu zinc utilities facilities
41	August 2008	Shell Nigeria Gas Ltd	Gas Supply to Tempo foods (2.5 km)
40	July 2008	Shell Nigeria Gas Ltd	Tie in 12inch main Gas Transmission line (Nispro Agbara)
39	April 2008	VeePee Industries	Installation of 1350 kva Gas generator
38	March 2008	Tower Power	Plant and Utilities Installation of 10 Mva Power plant and CNG Plant
37	Jan 2008	Shell Nigeria Gas Ltd	Gas supply to Tower Aluminum power plant
36	Feb 2008	Mantrac Nig Ltd	Caterpillar Install and commission of 1350kva Gas, Generator with Fan coolers for Reckit Benckiser- Agbara
35	Oct 2007	Gentec Nig Ltd	Install and commission of 1000kva Gas Generator with Fan coolers for May and Baker Ota
34	August 2007	Shell Nigeria Gas Ltd	Gas Supply to Cannal land , May & Baker
33	August 2007	May & Baker Plc	Natural Gas Reticulation Piping
32	May 2007	GeePee Industries – Ota	Installation and Commissioning of 3 nos. 1000kva Gas generator
31	April 2007	VeePee Industries – Ota	Installation and commissioning of 1000kva Gas generator with Fan coolers
30	April 2007	Shell Nigeria Gas Ltd	Gas Supply to Nigeria Foundries Ota
29	March 2007	Sun & Sand Industries Ota	Construction of Aluminum smelting plant

S/No	Period	Client	Project Executed
28	May 2006	River state government	Installation of meters for Gas turbine station
27	April 2006	Shell Nigeria Gas Ltd	Gas supply Reckit and Benciser
26	March 2006	Shell Nigeria Gas Ltd	Construction of Mini warehouse
25	April 2005	Shell Nigeria Gas Ltd	2 years Call on contract for the Emergency repair/ Extension of Natural gas pipe lines in Agbara/Ota, Aba and Port-Harcourt area
24	April 2005	Life Care industries – Ota	Installation and Commissioning of
23	April 2005	Reznor	PCB/ACB In direct fired unit
22	April 2005	Shell Nigeria Gas Ltd	Construction of fence to protect/ preserve Oju-Ore Valve Pit
21	April 2005	Qualitec Industries – Ota	Extension of Natural Gas Reticulation piping
20	March 2005	Pure Chemical Industries	Natural Gas Reticulation Piping
19	March 2005	Unique Pharmaceuticals Ltd	Extension of Natural Gas Reticulation Ota piping
18	March 2005	Shell Nigeria Gas Ltd	2years Maintenance / Service Contract for the Maintenance/ Service of Valves in Agbara – Ota Gas Facilities
17	Feb 2005	Pace of Point Travel Agbara	Natural Gas Reticulation Piping
16	Dec 2004	Lee Engineering	Provision of Project Management for the construction of 8km Internal Pipeline network for Field Gas in Port-Harcourt Refinery
15	Nov. 2004	Gee Pee Industry – Ota Ogun State	Natural Gas Internal Reticulation Piping Natural Gas Equipment (Meters and Regulators)
14	Nov. 2004	Industrial Metallizing & Packaging Co. Ltd (IMPCO) Matori Lagos	Natural Internal Reticulation Piping
13	Oct 2004	Vee-Pee Industries – Ota	Extension of Natural Gas Internal Reticulation Piping
12	Sept 2004	Buhmee Ink – Ota Arvee Industries – Ota	Natural Gas Internal Reticulation Piping Extension of Natural Gas Internal Reticulation Piping
11	2003-till date	Shongai Packaging – Ota Ogun State	Natural Gas Internal Reticulation Piping Natural Gas Equipment (Meters and Regulators Water line piping installation Gas Generator installation Shelter fabrication and installations Roof

S/No	Period	Client	Project Executed
			Canopies constructions Design and construction Mezzanine floors
10	April 2004	Arvee Industries – Ota	Natural Gas Internal Reticulation Piping
9	June 2004	Vee Pee Industries – Ota	Natural Gas Internal, Reticulation Piping, Thermic fluid piping installation
8	2004	Life Care industries – Ota	Natural Gas Internal Reticulation Piping
7	April 2004	Qualitec Industries - Ota	Natural Gas Reticulation piping
6	March 2004	Shell Gas Ota	Pipelines Erosion control works
5	Jan 2004	Shell Gas Ota	Repairs of leaking Actuators and regulators
4	Dec 2005	Unique Industries- Ota	Sub-Contractor for the Natural Gas Reticulation piping
3	Oct 2003	Gredor Nig Limited	Agbara/ Ota Natural Gas pipeline expansion project
2	Dec 2003	Shell Gas Ota	Repair of leaking concrete roof Design consultant on various jobs
1	2001 - 2002	Wesco Engineering	The construction of Shell Gas Natural Gas Pressure Regulating and Metering Station

9.0 PROJECT GALLERY

Selected photographs from project sites across Nigeria, spanning pipeline installation, gas regulating stations, civil and structural works, and plant facilities.
